

Dear boy who is tired of suffering,

Your letter really shocked me. The actions of your father are abnormal and absolutely unacceptable. He doesn't have the right to beat you like this. Also, your mother should listen to you with more attention and realize what is happening. If there is no way to talk with all the members of your family, you should call a specialist who will be able to give you all the help that you need. Don't wait too much before acting because the situation could get worse. Finally, try to find professional help as fast as possible, and maybe with this help, you will be able to have your father back.
