

Solutions for Ferd (What a stressful day)

Dear Ferd,

You are 2 years old but you have a lot of guts. I think I have a solution for you. First, you should teleport yourself at Mexico and eat tacos because as you know, tacos is your principal source of power. After this amazing feast, you should find a job and make some money to pay the reparation for the Corvette and your fake funeral in Québec. Then, go to school to learn Spanish. Maybe, after you can try to learn English. It's gonna be useful to speak to Mexicans and Canadians. Forget the 21 years old girl and find a girl of your age. At 22 years old, you should go back to Québec because the police will have forgotten you. And finally, become a magician with your prodigy powers and make a lot of money. And don't forget to eat tacos !

Good luck for everything!
