

The 'BAD' Power of Love

Oh my gosh Miss Loves, you must help me, I really don't know what to do.

My name is Mandy; I am a 17 year old girl. The situation is that recently a boy of my school started to talk to me. We become good friends and he told me that he is in love with me. First, I was thinking it was a joke but after a time I realized that he is very serious!!! So now I am caught with a boy who really loves me, but I don't love him. The worst thing is that I don't want to hurt him because he is my friend and in a certain way I love him.

I wrote this letter to you because I'm really bored of it. I tried many things to stop him but he doesn't understand. I told him that we could be good friends but not more, still he became more annoying. During one week I tried to ignore him but he is very persistent. One did not work I think I had drunk too much! But it's a way to show you that I really don't know what to do!

So now Miss Loves, what can I do? Please help me, I need you!
